Retest

- Yes

NR Retest Policy

Please be aware when collecting samples that we do accept resubmissions for any samples that fail testing (receive an NR score) but these samples will be retested at the full price of a new test. If you have questions about sample collection or resubmissions, please contact GeneSeek.

Results:

Igenity results are returned in 10–14 business days (2–3 weeks) from the samples' arrival at GeneSeek's lab. Genetic abnormality results may take four weeks. For multi-sire parentage analysis, we cross reference your bulls' DNA with the DNA of the calf samples you submit. Thus, we need to DNA test your bulls, or need access to bull DNA results already on file at GeneSeek.

Sample status and results may be viewed at www.igenity.com. Parentage results not available online.
